

INTRODUCTION

Sharpron Jet Token is a utility token built on Binance Smart Chain Network. Sharpron Jet is aimed to solve the problem of food shortage by establishing a large shopping mall for agricultural produce and equipment for farming with at least 30% of the agro produce being produced in our farm.

Food is live and with our farm, customers are assured of getting fresh agricultural produce daily at the cheapest rate in the market.

MISSION

Our mission is to make food accessible to everyone at a competitive price and also to promote \$SJET to be among the top 50 Crypto currency in the world by the year 2025. Yes it is possible. We will achieve it through continuous marketing/promotion and by listing \$SJET in top Exchangers with the highest trading volume in the crypto market.

SHARPRON FARM

At Sharpron Farm, we focus on poultry farming for quality meat and egg production and cultivation of fresh vegetables. We believe that knowledge coupled with a commitment to continuous improvement will enable us feed the nation with quality produce at a competitive price.

We aim to become a household name in poultry industry and also to be a leading and trusted producers and supplier of agricultural produce. Our success will be measured by doing what's best for our customers,

employees, shareholders and our community while improving service delivery and profitability.

SHOPPING MALL

Our shopping mall will concentrate only on the sales of agricultural produce and tools for farming. The agricultural produce includes fresh fruit, fresh vegetable, spicy, and meat.

By the second quarter of 2023, the shopping mall will have its own e-commerce website where customers can shop online and order for goods from the comfort of their home.

SJET PAY

Our team will develop a payment system called SJET PAY which will use \$SJET as its own primary currency for payment. Users will get a discount each time they pay with \$SJET.

STAKING

Sharpron Jet offers you the opportunity to stake your crypto in any of our partner exchanges and earn rewards. We believe that community power is the most powerful element of success and as a result we offer one of the best rewards for users who stake their crypto assets.
